

## **BOUNCE FOR FUN**

Shut downs, due to the coronavirus, have hit the entertainment/events industry especially hard with the cancellation of large spring festivals, graduation parties, HOA functions, school events, big company celebrations and many other activities that were all pre-scheduled for this season.

We were one of the first industries to close and will be one of the last to come back due to the fact that most of our events require the gathering of many people (100's to 1000's).

We are up and running and prepared to supply inflatables/games/attractions to individuals and to institutions that want to host small controllable gatherings.

Some of the most compliant inflatables during this time of social distancing would be:

- Obstacle Courses** (2 kids go through at a time and they will be more than 6 feet apart)
- Water Slides** (water slides are either one or two lanes and can easily be managed)
- Dry Slides** (typically one lane and easy to control)
- Interactive Games** (the number of players can be reduced to take into account distance)
- Train** (we can seat people in every other seat)
- Rock Climbing Wall** (instead of 4 stations, we can reduce it to 2 stations 8 feet apart)
- Carnival Games** (Place them a safe distance apart)

Of course we utilize masks and gloves, as well as clean the units prior to use.

Our contact information (we are active on Facebook and our website answers just about any question someone would have):

**Phone:** [469-633-1500](tel:469-633-1500)

**Website:** <https://bounceforfun.com>

**Facebook:** <https://www.facebook.com/bounceforfunllc>
